

## LOWEST IN SEVEN YEARS

Working Treasury Balance Is Only \$27,000,000 at This Time.

### THE DEFICIT IS ENORMOUS

In Twenty Days Government Has Expended \$19,000,000 More Than Taken In.

(Special to The Times-Dispatch.) WASHINGTON, July 21.—Just twenty days of the present fiscal year and month have passed, yet the figures show that the government has expended \$19,000,000 more than it has taken in, and that the working balance in the treasury is less than \$27,000,000.

The fiscal year began on July 1st. The deficit of more than \$40,000,000 with which the last year closed was declared by Republican leaders to be due wholly to the acquisition of the Panama Canal at an expense of \$50,000,000 and to a loss of \$1,000,000 to the Louisiana Purchase Exposition. For the twenty days of the new fiscal year the expenditures have amounted to \$417,840,000 and the receipts have been only \$38,720,719. There have been no expenditures except those connected with the actual running expense incident to the operations of the government and to extravagant appropriations.

#### Greatly in Excess.

For the first twenty days of July last year the total receipts were \$31,245,000, and the total expenditures \$38,120,000. So far this fiscal year, therefore, the expenditures exceed the receipts by \$6,875,000, or by more than one-fifth of the total receipts. It will be noticed that but a small part of the large increase in the deficit is due to a falling off in receipts for the month, the total income up to date this fiscal year being \$38,720,719, as against \$31,245,000 one year ago. With a steadily decreasing income and rapidly increasing expenditures there is promise for the coming fiscal year of a serious deficit in just the ordinary running expenses.

It is said that Secretary Shaw is by no means satisfied with the situation, and is confronted with the prospect of having to call on national bank depositors of some of the money placed with them at a time when the Treasury had so much money it did not know what to do with it. The actual working balance of the Treasury—that is, the amount contained within the Treasury proper, was to-day less than \$27,000,000—the lowest sum in seven years. It has for many years been a tradition of the Treasury that the actual working balance should not fall below \$50,000,000.

**Called on National Banks.** That he might keep this balance somewhere near \$50,000,000, Secretary Shaw has for a month or so called upon national banks for government funds on deposit with them, and collected altogether more than \$50,000,000. Now that the balance is far below what it was two months ago, Secretary Shaw hesitates to make a call, because it will reveal to the people the fact that the government is about day running behind its income, and is steadily using up the surplus.

**Enormous Running Expenses.** If Secretary Shaw should call on the bankers they would quickly comprehend the situation when they ascertained that the Treasury was daily consuming its surplus in meeting the ordinary expenses of the government, instead of depending upon its income. For political reasons there will be no call on the banks now, and it is probable that the Treasury will continue to run at a deficit of about \$50,000,000 in the Treasury will be knocked silly by a Republican administration. At the same time he cannot disguise the enormous running expenses and the big deficit that is piling up.

### FELL IN LOVE WITH HIM

Senator Davis Much Pleased With Visit to Judge Parker.

Ex-Senator Davis, accompanied by Norman B. Mack and Secretary Hendley, returned from Esopus last evening and went to the Fifth Avenue Hotel, looking as fresh as a daisy. Messrs. Mack and Hendley struggled along behind him, the former in a perspiration, and the latter looking somewhat anxious to abandon the pace the West Virginian had set.

"I found Judge Parker to be an affable gentleman," said Mr. Davis. "He comes up to everything I have ever heard about him."

"Yes," said Mr. Mack, "the two candidates fell in love with each other on sight."

"That's right," Mr. Davis continued, "and that just expresses my feelings for Judge Parker."

Senator Gorman left the city yesterday for Atlantic City, where he is expected to return to New York next Monday before the meeting of the National Committee, New York World.

### BRAKEMAN SUCCUMBS TO TERRIBLE HURTS

William T. Hobgood, the Seaboard Air Line brakeman, who was caught, held down by a freight car on the yards of the company on Wednesday night, died shortly after four o'clock yesterday morning, at the Memorial Hospital.

The injured man stated that never in his experience had he come in contact with a more complete case of shock. Everything possible was done to relieve the man, and oxygen was used freely, together with many stimulants, but all these were without avail. Mr. Hobgood's mother and brother were called to his bedside but arrived shortly after the end had come.

### Receiver Retires.

(By Associated Press.) MACON, GA., July 21.—Receiver W. T. Albright, who has been in charge of the First National Bank since its failure on May 10th, today resigned his position as receiver of the institution in the hands of Walter J. Butler, an attorney, who arrived here from Springfield, Ohio. The receiver's resignation was a relief in the situation to change his first announcement that the bank would pay its creditors in full. Another dividend, it is said, will be made in a short time.

## FULL OF HOPE AND CONFIDENCE

Mr. Cleveland Says Judge Parker's Message Filled the Blank in a Disabled Platform.

By Grover Cleveland.

"Those Democrats who have been impatient of the silence of their party's candidate ought to be satisfied with his effectiveness of his first utterance. It filled the blank in a disabled platform, it gave leadership to the Democratic cause, and rallied supporters by thousands and tens of thousands to the Democratic standard. To these must be added another wonderful accomplishment, which this utterance gave opportunity. When in response to the message of his chosen candidate the convention proposed to give him assurance that the sentiments of the convention and the meaning of its platform were in accord with his expression, and in effect to make a vote on the passage of a resolution embodying these propositions disclosed the fact that out of a total vote of 950, only 181 could be counted in the negative. This vote furnished the best, if not the only, opportunity offered during the campaign of the convention to demonstrate how overwhelmingly sound his members were in support of the gold standard, and its result cannot, I gratefully believe, be otherwise construed than as indicating the elimination of financial error as a disturbing influence in Democratic councils.

#### DEMOCRATS PLEASED

Think Cleveland Article Will Bring Many Votes.

(From Our Regular Correspondent.) WASHINGTON, D. C., July 21.—The article which President Cleveland contributed to Collier's Weekly, in which he unreservedly praises Judge Parker and commends him to the voters of the United States, is being much commented on in Washington. Democrats think it will be worth many votes to them, and will be circulated as widely as possible.

Democrats are also highly pleased by an editorial in the New York Herald to-day, which says that Judge Parker has already won the confidence of the American people, and that kind of confidence President Roosevelt has not inspired. The editorial, which is a severe arraignment of President Roosevelt for his dictatorial ways, his Rough Riderism, his imperialism, says that people admire his capacity for self-control, distrust his judgment, and question his conception of presidential duties.

There is considerable more in the same vein, and the editorial is regarded as a whole as a declaration of war against the President. It is said that the Herald has seldom, if ever, been for a candidate for the presidency who was defeated.

### NOW PLANS TO REFORM THE PARTY

(Continued from First Page.)

may have weight when the appeal is made to a particular section and to the wealthy men of that section, but it cannot have weight when the party goes for the masses. It is not ultimately to appeal to the masses.

"The contest above outlined must be made without the party wins in November or not. If Mr. Parker is elected, his administration will rid us of imperialism and of the threat of a race issue and give us greater freedom in the taking up of economic questions."

### THE DAY AT ESOPUS.

Nothing New About Chairmanship or Tammany Hall.

(By Associated Press.) ESOPUS, N. Y., July 21.—This has been the quietest of days since Judge Parker's nomination. The only guest was Henry Louis Nelson, of Williams College, who remained a short time. Wm. F. Sheehan's promised visit has been deferred until tomorrow. Although he found time for a fifteen-minute talk with Judge Parker, but little could be learned from Mr. Sheehan about the Tammany Hall situation. The Tammany Hall National Committee, he said, however, that no result is likely to be reached in the chairmanship contest before the meeting of the National Com-

mittee in New York next Tuesday. He did not know, he said, what would be the final decision of Senator Gorman should pressure be put upon him to accept the chairmanship. Mr. Sheehan said he himself would remain at his home until Monday, when it would be necessary for him to be in New York.

With regard to the frequently made statement that an invitation to visit Rosemont had been received and ignored by Charles F. Murphy, leader of Tammany Hall, it is learned that the report was based upon a remark made by Bourke Cockran during his recent call upon Judge Parker. Mr. Cockran is said to have suggested such a visit by the Tammany leader, and Judge Parker said he would be very glad to welcome Mr. Murphy to Rosemont whenever Mr. Murphy could find it convenient to come. It is said that W. R. Hearst has been invited to Rosemont, but no date has been fixed for his call.

### EVERYTHING NOW FIXED.

Cleveland to be Secretary of State and Miles of War.

(Special to The Times-Dispatch.) NEW YORK, July 21.—Former President Cleveland for Secretary of State or important ambassadorship; General Miles for Secretary of War, and Richard B. Olney for Attorney-General. This is the way leading New York politicians figure out the Cabinet in the event of Democratic victory at the polls in November.

The widespread attention given to the "Bage of Princeton" article in Collier's Weekly, in which he advocates the election of Judge Parker and praises his stand on the money question, has served as a barometer to show how greatly the public is interested in everything he says. Whether Mr. Cleveland would accept, if the portfolio were offered him, after his refusal to allow his name to be used in connection with the presidency, is regarded as doubtful by many, but a prominent Tammany man to-night called attention to the fact that Mr. Cleveland never dodged a call to duty.

### WATSON NOT DECIDED ABOUT NOMINATION

(By Associated Press.) MACON, GA., July 21.—Clarence Steed, a friend of Thomas E. Watson, in this city, is in receipt of a communication from him with regard to his acceptance of the Populist nomination for President.

In which Watson states that he has not yet decided. Steed, who has known Watson from boyhood, gives it as his opinion that he will not head the Populist ticket.

### The Call Issued.

(By Associated Press.) ST. LOUIS, July 21.—James K. Jones, of Arkansas, chairman of the Democratic National Committee, who is in St. Louis, to-day issued the following call for a meeting of the committee: "Under the authority of the Democratic National Committee, I hereby call the Democratic National Committee to meet at the Hoffman House, New York City, on Tuesday, July 26th, at 12 o'clock noon, for the purpose of organizing and transacting such business as may come before the committee."

### MR. JUDKINS AT ST. LOUIS

Richmond Visits the Model Playground and Is Interviewed. Mr. L. McK. Judkins, secretary of the Civic Improvement League, of this city, has returned from St. Louis, where he has been on a tour of inspection. During his stay in St. Louis, Mr. Judkins visited and inspected the model playground at the Hoffman House. He was much impressed with the completeness of these provisions for the pleasure and education of the children, and got many ideas that will be useful in developing the work of the league in this city.

### Fire Does \$150,000 Damage.

(By Associated Press.) PORTLAND, ME., July 21.—Fire to-night in the candy department of "Witcham" shop, on Commercial street, did \$150,000 damage to the amount of \$150,000.

### WILL RETURN TO WORK TO-DAY

Non-Union Men Are Leaving of Their Own Accord. Negroes Attacked.

(By Associated Press.) CHICAGO, July 21.—All the big meat packing establishments of the country, where nearly 50,000 workmen went out on strike ten days ago to enforce certain demands of the union, will be thrown open to the strikers at 7 o'clock to-morrow morning, as many of the former employees can be taken care of will return to work.

In Chicago, the non-union men engaged by the packers during the progress of the strike and who caused the trouble, are being taken care of by the packers. The strikers insisted on retaining all who wished to remain at work, seem likely to settle the question themselves. When the news reached these men to-day that the old men were to return to work to-morrow, more than 600 of them quit work.

Two hundred negroes, non-union men, who were leaving the Hammond Packing Company plant to-night, were attacked by the strikers. The negroes were being escorted down town by a squad of policemen under command of Inspector Hunt. Bricks and stones were hurled at the negroes, but none of them was seriously injured. A riot of some kind was averted by a quiet response by fully fifty policemen, the rioters were dispersed.

### Strikers Barred.

(By Associated Press.) FORT WORTH, TEX., July 21.—The local strikers were barred out of the grounds of the packing plants to-day, and officers stationed at the entrance with orders to admit no visitors and no one seeking employment. The packers announced that they had all the help they needed. A committee from the strikers was denied admission, the packers notifying them that they might be received Friday morning.

After the repulse the strikers announced they would apply for work to-morrow. It is not known what will be the next move of the strikers.

Killing operations are increasing, and the packers are buying nearly the normal amount of meat.

## FOLK FOR GOVERNOR

Missouri Democrats Adjourned Yesterday After Strenuous Session.

### THE PLATFORM IS ADOPTED

Contains Boodile Plank Denouncing Bribery and Corruption.

(By Associated Press.) JEFFERSON CITY, MO., July 21.—The Democratic State Convention adjourned late this afternoon after nominating the following ticket: Governor—J. W. Folk, of St. Louis; Lieutenant-Governor—Thomas L. Ruby, of La Platte; Secretary of State—Samuel B. Cook, of Mexico; Auditor of State—Albert O. Allen, of New Madrid; Treasurer of State—Judge James Cowgill, of Kansas City; Attorney-General—Elliot W. Major, of Bowling Green; Railroad and Warehouse Commission—

JOSEPH WINGATE FOLK, Democratic Nominee for Governor of Missouri.

er—H. Ruby Ogleby, of Warrensburg.

Before the convention had assembled for its opening session, the atmosphere was full of rumors of discord and probable splits, and a bitter fight on the floor of the convention. While there was little uncertainty as to the nominee for Governor, there was much talk about an attempt to elect a man instead of the defeated Samuel B. Cook for re-nomination for Secretary of State on the ground that he could not be upheld by the platform that was to be adopted. Secret meetings of delegates who were interested in the election of a man instead of Cook, and who were determined to draw from his support were held, and plans were laid to accomplish his defeat, but when the test of strength came, Cook was nominated on the first ballot.

### Nomination for Governor.

The nomination for Governor was made early yesterday morning, after an all-night session of the convention. W. H. Wallace, of Kansas City, placed before the convention the name of Joseph L. Folk, Thomas L. Anderson, City Attorney of St. Louis, with equal eloquence, and the roll had been about half called, showing a heavy support for Folk. Harry B. Hawes arose and moved to make the vote unanimous, which was done. Hawes escorted Mr. Folk to the platform, and after cheering had been subdued he was produced and made a speech, accepting the nomination.

### The Platform.

The platform, which contains the slogan of the Missouri Democracy against boodile and official corruption in Missouri, was adopted by a resounding viva voce vote after a quibble over the proposed amendment to insert a plank for legislation to prohibit the acceptance by public officials of free railroad transportation. United States Senator Francis M. Cockrell was heartily endorsed for re-election.

### The Boodile Plank.

On the subject of bribery, the eradication of which is pointed out as the paramount issue of the Democratic party in Missouri, the platform says: "The appalling exposures of corruption in Missouri have brought upon the good citizen a feeling of deep indignation. It is stamped out the things that dishonor and oppress. Good citizens may innocently be wrong, but toleration of known abuses is criminal. No party can be hurt by getting rid of rascals. No State can be injured by the enforcement of law. The disgrace is in toleration, not in corruption. There can be no grander mission in store for any political party than to fight public evils. The subject of the eradication of bribery is more important than any other for other problems concern the functions of government, while this goes to the existence of government itself. Corruption in public life, if tolerated, will lead to the destruction of free government."

"Where bribery rules, there is a government not of, for and by the people, but a government of and for the few with wealth enough to purchase official favors. Other offenses violate the law, but bribery is a crime against the people of the Commonwealth itself. In the city of St. Louis, according to the confessions of those implicated, for twenty-five years bribery stalked through the legislative halls. Corruptionists grew arrogant in their wealth and political power and felt that no one dared attack them. In our State Legislature legislators have forgotten their high commission and have become involved in the meshes of greed. Democratic officials have exposed these conditions and laid upon the offenders the heavy hand of the law. We intend the work that has been done in this regard."

## SHIPBURNER; CREW SAVED

Vessel Loaded With Gasoline Catches Afire and Blows Up.

### TERRIBLE STRUGGLE OF MEN

Fought Sixteen Hours Against Flames—Lookout Lost in Wreck.

(By Associated Press.) WOODBOLLE, MASS., July 21.—Captain John Humphreys, of the British ship Creedomor, and crew were landed here to-day, having escaped from their vessel, which was burned off Fire Island yesterday.

The crew of the Creedomor numbered eighteen men besides the captain. The men lost everything. They left the ship in their own boats and were picked up soon afterwards by a passing schooner, which transferred them to a tug off Martha's Vineyard early to-day.

### Story of the Fire.

NEW YORK, July 21.—Captain Humphreys and the rescued members of the crew of the Creedomor arrived in this city this evening. The Creedomor, which left this port on Monday with a cargo of 40,000 gallons of naphtha, gasoline and benzine for Liverpool, according to the story of the captain and crew, was about forty miles east of Fire Island on Wednesday evening, when fire broke out in the poop deck. The crew tried to contain the fire in the main saloon. When the alarm was given, Captain Humphreys put the vessel about, while the members of the crew, under Mate M. W. Adams were doing their best to hold the flames in check.

The presence of the fire was made known by an explosion, which was quickly followed by others. At first the water poured on the blazing poop deck had no effect. After about sixteen hours' work the crew succeeded in getting the fire in check, and at that time the Creedomor was making for New York at a good speed. A little after 10 P. M. the fire made its appearance again in the poop section of the vessel and this time the gasoline, becoming ignited and it was expected that the oil-laden ship would blow up at any moment.

### Wrecked by Explosions.

Despite the desperate situation, Captain Humphreys and his crew sought a second time to hold the fire in check, but the stream of water only served to carry the fire to other parts of the ship and in a few minutes the struggle was abandoned. The life boat and the ship's yawl were lowered. The lookout on the fore-castle, a Portuguese sailor, named Mate, was killed, and with the other members of the crew, but he did not respond. He was called again, then he leaned over the side of the fore-castle and appeared to be helpless with terror. In a few minutes the ship was wrecked, and the storm to stern by a series of heavy explosions.

### MODERN MILLING PLANT.

The Gallego Mills Reconstructed Along the Most Approved Lines.

The Gallego Mills, which were burned last Christmas, are now nearing completion as reconstructed on improved plans.
